COVID-19 NEWS

March 23, 2021

Global Situational Awareness

The Coronavirus pandemic (COVID-19) that originated in Wuhan, China, in December 2019 continues to have unmistakable impact across all aspects of global society. As of March 22nd, 2021, over 123 million people have been infected, more than 2.7 million have perished, and the virus has been detected in nearly every country and region.

Babel Channels is providing dedicated coverage on COVID-19 from the U.S. and around the globe, which covers key issues such as public safety concerns during Spring Break, the spread of variants, upticks in Europe, changes in lockdowns, the AstraZeneca vaccine, related scams, economic impacts, and various concerns abroad. Some noteworthy material about this important topic that Babel Channels recently illuminated follows:

With coverage in more than 350 countries, states, territories and cities around the world, and the ability to help users understand developments in more than 200 languages, Babel Channels is your tool to understand what is happening related to COVID-19 and act to mitigate impacts associated with the spread of the virus. Babel Street persistently canvasses a dynamic array of global information on the topic and presents pertinent material in Babel Channels.
